

The image features a black rectangular background with white text and a faint line graph. The graph shows two curves: a red one and a grey one. The red curve represents power, and the grey curve represents torque. The red curve starts at a low value, rises to a peak around 6600 rpm, and then slightly declines. The grey curve starts at a low value, rises to a peak around 2250 rpm, and then declines. The text is centered on the background.
