

The image features a black rectangular background with a white line graph overlaid. The graph shows two data series: a red line and a grey line. The red line starts at a lower value on the left, rises to a peak, and then declines. The grey line starts at a higher value on the left, dips slightly, and then rises to a peak before declining. The text is centered on the graph. The background is framed by thin white lines at the top, bottom, left, and right edges.
